Dear Rody,

We are pleased that you have considered Henniker Directional Drilling LLC for your drilling needs. Below is our **budget** Pricing Proposal for the Teak Drive project in Nashua, NH.

Pricing for horizontal directional drilling services:

1. \$250 per foot for a 12" HDPE pipe installed 250' feet in dirt ground conditions, with no obstructions.
2. Price includes mobilization/demobilization, bore and pullback.
3. If the use of tracer wire is indicated for your project, please notify us. Be aware that HDD's best efforts will be made but we cannot guarantee it will remain intact through adverse ground conditions.
4. Bore will be evaluated after two unsuccessful attempts for change conditions and pricing will be renegotiated. Attempts based on site evaluation. Rock Bore is defined as any bore requiring the use of a rock system.
5. If bore is canceled for any reason a mobilization fee of \$1,500 will be charged as well as time and materials.
6. HDD will not guarantee any percentage of slope under 4%.

Please be advised that the following items are not included in the price. The customer will be responsible for the following items should they be required:

- Police Officers and / or Traffic Control
- Excavation Permits, Fees and Bonds, Encumbrance Permits and Fees
- Additional Engineering if required
- Pressure Testing
- All connections, and pipe handling as may be required
- Excavation of entry and exit pits, including appropriately sized trench boxes as needed.
- Final site restoration
- **Expose all existing utilities. This may require the contractor to pothole for verification.**
- Layouts and grades
- Notifying Dig Safe and listing HDD under ticket # _____
- No back charges without prior written authorization from subcontractor
- **Adequate access to work area for equipment and materials**
- **Supply water to bore location and disposal area for waste material**
- Provide proper erosion control measures commensurate with disturbance if required
- Unforeseen conditions (including, but not limited to ledge)
- Any owner or general contractor requirements not accepted in writing by HDD

Sincerely,

Jeffrey Martin, President
